Anecdotes from Angie

We've turned the corner and the days are getting longer. It may only be by seconds now, but the minutes are coming!

We will talk about our Fly / Drive in the Talkeetna currently scheduled for Jan 28. It's been a while since I've been up there. There will be plug ins available for \$10 for 24 hours. The Roadhouse is offering a discount for anyone wanting to stay overnight - I'll have details at our Jan. meeting. Holly Sheldon and Don Lee are looking forward to reconnecting with old friends and making new ones!

Spring is a time for a lot of Career Fairs and the Girl Scouts Women of Science & Technology are celebrating 100 years of women in aviation. I'll be looking for volunteers to help give presentations on Saturday, Feb. 4. If you can help for all or part of the day, your enthusiasm will be appreciated!

Spring is a time of renewal - a time to brush up old skills and learn new ones. Join us to learn about the new world of aviation apps available for the iPad or tablet. Share your favorites with us at our January meeting!

See you at Peggy's Wed, Jan. 11.

January Program

Where's Girl to Go?

We're in the electronic age and there are so many revolutionary applications and devices out there to help the aviatrix stay sharp in the cockpit. How can I know which app is right for me or even if I want an iPad or tablet in the cock pit. What are the pros and cons? What are the best applications?

Come to our January meeting and see what some users have learned about these new tools.

You have several places to look and get advice on Aviation apps. Sporty's has a large collection of accessories for the iPad, and you can sign up for the newsletter they publish on flying with the iPad. They also have done a couple of Webcasts on the iPad.

Do you have a device you use? Bring it to the meeting and let's compare. We will arrange for a wifi hot spot so we can look at some of the features online. Caleb Neville, a pilot from ZAN will share his favorite with us .

See you Wednesday!
